October is the month to make every day safe.

Health and Safety Month is the time to discuss safety in your workplace. Come along and hear from an injured worker and learn from industry experts who lead the way in workplace bullying prevention programs, return to work and occupational violence aggression in the healthcare sector. Make sure you are up to date with industry best practice to keep your workplace safe year round.

TOPICS INCLUDE

- Bully prevention
- WorkSafe WorkWell – supporting workplace mental health and wellbeing
- Occupational violence aggression in the healthcare sector
