

Flood Recovery Support

The Strengthening Business service is supporting flood-affected businesses in Shepparton and Kerang.

The fully subsidised service provides access to experienced, independent business facilitators who help business to become stronger, more resilient, and better prepared for the future.

Book a 45-minute appointment:

Available times:

Shepparton | Kerang
Wednesdays | Mondays
1 – 31 May 2023
10.00am - 4.00pm

The facilitator will recommend ways to strengthen business systems, operations and strategies and help the business to get back on their feet, including identify opportunities to improve the business.

The service is delivered at no cost to the business and there are no sector or turnover requirements to access this opportunity.

Following the initial discussion, the facilitator will work with the business on next steps, whether that be further engagement, referral to other services or follow-up information.

Delivered by Ai Group in partnership with AusIndustry
